

## Nick Cave - fifteen feet of pure white snow

[Am]  
[n/c] Where is Mona? She's long gone  
[Am] Where is Mary? She's taken her along  
But they haven't put their mittens on  
And there's [G] fifteen feet of pure white [Am] snow

[solo]

Where is Michael? Where is Mark?  
Where is Mathew? Now it's getting dark?  
Where is John? They are all out back  
Under [G] fifteen feet of pure white [Am] snow  
Would you please put down that telephone  
We're under [G] fifteen feet of pure white [Am] snow

[solo]

I waved to my neighbour, My neighbour waved to me  
But my neighbour, is my enemy  
I kept waving my arms, 'til I could not see  
Under [G] fifteen feet of pure white [Am] snow

Is anybody, Out there please?  
It's too quiet in here, And I'm beginning to freeze  
I've got icicles hanging, From my knees  
Under [G] fifteen feet of pure white [Am] snow  
Is there [G] anybody here who feels this low?  
Under fifteen feet of pure white [Am] snow

[G] Raise your hands up to the sky  
Raise your hands up to the sky  
[G7] Raise your hands up to the sky  
Is it any wonder?  
Oh my [Am] Lord, Oh my [F] Lord  
Oh my [Am] Lord, Oh my [F] Lord

[Am] [solo]

Page 2 : Nick Cave - fifteen feet of pure white snow

[Am] Doctor, Doctor I'm going mad  
This is the worst day I've ever had  
I can't remember Ever feeling this bad  
Under [G] fifteen feet of pure white [Am] snow

Where's my nurse, I need some healing  
I've been paralysed, By a lack of feeling  
I can't even find, Anything worth stealing  
Under [G] fifteen feet of pure white [Am] snow

Is there [G] anyone else here who doesn't know?  
We're under fifteen feet of pure [Am] white snow

[G] Raise your hands up to the sky  
Raise your hands up to the sky  
[G7] Raise your hands up to the sky  
Is it any wonder?  
Oh my [Am] Lord, Oh my [F] Lord  
Oh my [Am] Lord Oh my [F] Lord  
Save [Am] Yourself! Help [F] Yourself!  
Save [Am] Yourself! Help [F] Yourself!  
Save [Am] Yourself! Help [F] Yourself!  
Save [Am] Yourself! Help [F] Yourself!
